

**Prismatic stop 120° with t slot guide and clamping
for DEMM universal comparative meas. instruments QUICK CHECK
150x10mm**

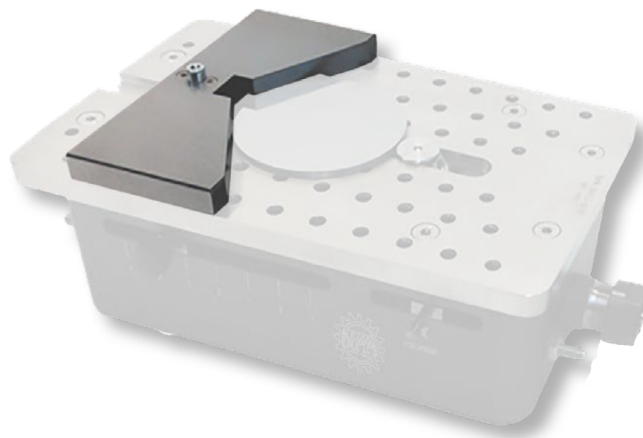

Product number: 1390410

EAN / GTIN: 4066918051899

Customs code: 90318020

Delivery method: Parcel delivery service

Weight: 0.5kg

Product description

- Works standard
- Hardened special steel
- For reliable diameter measurement without search of the reversal point.
- Repeatability of the mechanic $\pm 0.001\text{mm}$

Delivered in individual packages without universal comparative measuring instrument and dial indicator

Operation:

- The V anvil can be slid in the slot and adjusted for different diameters.
- Pre-setting through setting master or measuring disc
- The required correction factor is entered into the dial gauge display and shall remain saved.
- The correction of the measured value follows automatically.
- The user reads the exact measuring result directly on the dial gauge display
- Further calculations are not necessary.

! A dial gauge with conversion factor – function is needed. We recommend digital dial indicator No. 1301 106

! The mentioned workpiece \varnothing refers to standard QUICK CHECK No. 1390 101

! Larger workpiece \varnothing on request.
