

Temperature probes

Surface probe NiCr-Ni spiral springs

-65 ... +900 °C

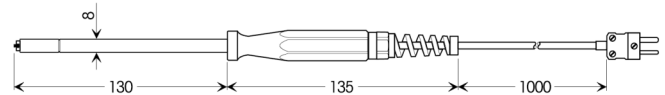

Product number: 2130102

EAN / GTIN: 4066918087904

Customs code: 90251900

Delivery method: Parcel delivery service

Weight: 0.06kg

Product description

- Removable probe NiCr-Ni Type K
- Insulated handle
- Silicon connection cable 1m
- DIN flat connection

2130 101: Surface probe Cu tips

2130 102: Surface probe NiCr-Ni spiral springs

2130 103: Surface probe NiCr-Ni tips 90° bent

2130 104: Immersion probe V4A pipe rigid

2130 105: Immersion probe Inconel, potential free

2130 106: Insertion probe V4A pipe springy

2130 107: Insertion probe V4A pipe rigid

Delivered in individual packages

! Other special probes and thermoelement wires on request.

Technical Data

Size: -65 ... +900 °C

Article number: 2130102

Brand: ULTRA

Execution: 2130 102

Measuring range: -65 ... +900°C

Response speed: 5 sec.

Weight: 0.06kg
