

## Temperature probes

### Surface probe NiCr-Ni spiral springs

-65 ... +900 °C

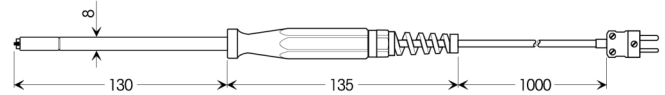

**Product number:** 2130102

**EAN / GTIN:** 4066918087904

**Customs code:** 90251900

**Delivery method:** Parcel delivery service

**Weight:** 0.06kg

## Product description

- Removable probe NiCr-Ni Type K
- Insulated handle
- Silicon connection cable 1m
- DIN flat connection

**2130 101:** Surface probe Cu tips

**2130 102:** Surface probe NiCr-Ni spiral springs

**2130 103:** Surface probe NiCr-Ni tips 90° bent

**2130 104:** Immersion probe V4A pipe rigid

**2130 105:** Immersion probe Inconel, potential free

**2130 106:** Insertion probe V4A pipe springy

**2130 107:** Insertion probe V4A pipe rigid

**Delivered in individual packages**

**! Other special probes and thermoelement wires on [request](#).**

## Technical Data

**Size:** -65 ... +900 °C

**Article number:** 2130102

**Brand:** ULTRA

**Execution:** 2130 102

**Measuring range:** -65 ... +900°C

**Response speed:** 5 sec.

**Weight:** 0.06kg
