

Digital precision thermometers

f. 2 removable probe NiCr-Ni No.2130 1..

-199,9... +1370 °C

Product number: 2122201

EAN / GTIN: 4066918087874

Customs code: 90251900

Delivery method: Parcel delivery service

Weight: 0.16kg

Product description

- For removable probe NiCr-Ni series No. 2130 1...
- Precise measuring of surfaces, soft media, gases and liquids
- Two-line LCD display
- Operating temperature -25°C ... +50°C

Accuracy:

- $\pm 0.03\%$ of measured value $\pm 0.05\%$ FS (-65.0 ... +300.0°C)
- $\pm 0.08\%$ of measured value $\pm 0.1\%$ FS (-220 ... +1370°C)
- Serial data output
- Connection for mains adaptor
- ABS housing

2122 101: Serial or analogue 0-1V data output

2122 201: 2 probes can be in operation at once Differential measuring of probe 1 and probe 2 Zero setting, differential value display of probe 1 and probe 2

Delivered in individual packages without probe

Functions:

- ON / Auto OFF, Display °C or °F, Hold function, Zero-point and offset entry, Min. / Max. memory, Measured value adjustment for surface measuring

Technical Data

Size: -199,9... +1370 °C

Article number: 2122201

Brand: ULTRA

Execution: Type 2

Weight: 0.16kg
