

## Temperature probes

### Surface probe NiCr-Ni tips 90° bent

-65 ... +400 °C

**Product number:** 2130103

**EAN / GTIN:** 4066918087911

**Customs code:** 90251900

**Delivery method:** Parcel delivery service

**Weight:** 0.06kg

## Product description

- Removable probe NiCr-Ni Type K
- Insulated handle
- Silicon connection cable 1 m
- DIN flat connection

**2130 101:** Surface probe Cu tips

**2130 102:** Surface probe NiCr-Ni spiral springs

**2130 103:** Surface probe NiCr-Ni tips 90° bent

**2130 104:** Immersion probe V4A pipe rigid

**2130 105:** Immersion probe Inconel, potential free

**2130 106:** Insertion probe V4A pipe springy

**2130 107:** Insertion probe V4A pipe rigid

**Delivered in individual packages**

**! Other special probes and thermoelement wires on [request](#).**
